- Suitable for medium vehicular applications, such as residential streets and commercial parking lots, with proper pavement design and installation
- Joints and surfaces meet ADA gap and lippage requirements
- Made of durable concrete that won't decay, distort, or attract pests. Iron oxide pigments won't fade with extended UV exposure. Meets or exceeds applicable requirements of ASTM C936 and C1782

The CityStone series shares a common architectural look in which texture is defined by the joint pattern. The extensive range - from 4x4 to 24x24 - of CityStone shapes yields unlimited creative control to satisfy your design intent. CityStone's generous chamfers control lippage even in challenging large-format / non-planar installations, and units are available in a range of paver heights to suit a variety of traffic conditions and base preparations.
